

CORPORATE PARTNERSHIP PROGRAM

Bullying, mental health issues, substance abuse issues and family conflict. These all sound like adult problems, but the reality is that the youth in our community are dealing with all of these issues on a daily basis.

The Center for Family Outreach was established in December of 2000 as a non-profit organization offering **PREVENTION, EDUCATION** and **EARLY INTERVENTION SERVICES** for youth ages 8 and 18 and their families. The Center provides one-on-one case management, for youth and families struggling with substance abuse, mental health issues, high family conflict and at-risk adolescent behavior. The Center **EMPOWERS** youth to realize their potential as leaders and problem solvers while teaching empathy and instilling philanthropic values. Since opening in December of 2000, The Center has served approximately 25,000 students and families. That equates to roughly 1,500 students and families per year who have been **ENCOURAGED** and **MOTIVATED** to be academically successful and to find their **SELF-WORTH**. An impressive 85% of The Center's clients graduate from high school and continue on the right path for their life. According to the Colorado State University's School of Social Work, The Center is consistently ranked number one in cost-effectiveness and positive outcomes for their participants in Poudre and Thompson School Districts.

**We Believe
Youth Have the
Power to Change
the World.**

How does this correlate to Larimer County's students?

Youth who are working with The Center for Family Outreach are required to carry a C average or above to continue in the program – and The Center provides the tutoring sessions to make sure participants meet or exceed this expectation. Classes are offered in a range of topics to provide youth with the life skills needed to be successful.
